## Fair Haven Burnaby Lodge - Facility Update #5

I may start to sound like a broken record on these messages.

Once again, we have NO ADDITIONAL CASES at Fair Haven; we remain a facility on outbreak with only one confirmed positive case: a staff member.

Today our teams worked hard to ensure no cross over between the two floors. This requires an entirely different format for foodservice delivery. The food services team has been exceptionally flexible as we sort through this new process.

I know it is hard for everyone, but we must continue to limit in-person visits. I'm aware of a few special birthdays this next week; please connect with the recreation department to see how we can help you to celebrate from a distance.

Burnaby Recreation 604 435-0525 ext 315

Thank you all for your kind words.

I may take a break from updates for a day unless something significant changes. No News is Good News.

Stay well. Stay safe.

Joy Parsons,  
CEO, Fair Haven Home Society
